

MANGILI AND ADDISON WIN SOAPY SLIPPERY ENDURO RACE AT ALL AMERICAN SPEEDWAY

Roseville, CA - (May 29, 2010) - 20 cars started the 200 lap Enduro race at All American Speedway in Roseville Saturday night, and it was a thrilling race.

The No. 02 co-driven by Doug Mangili and Joe Addison dominated the race and took the checkered flag after 200 slippery laps.

Enduro racing is a lot of fun. First, the track is sprayed with water, and then the entire track is soaped. There are also other substances like syrup and goop put on the track.

The Enduro Series is a class designed to keep costs down. They are stock cars that are usually wrecks to begin with, but with rebuilt engines.

The slipping and sliding is exciting, but there are not as many wrecks as you might think. Cars get sideways, but the drivers seem to be able to straighten them out before any real damage is done.

In the first 100-lap race, the lead was traded back and forth between No. 02 Addison and No. 13x Loren Chitwood. On lap 24, the No.02 took the lead and kept it for the remainder of the first 100 laps.

After a break, the green flag fell for the second 100 lap race, with No. 02 Mangili starting from the front, followed by No. 2 driven by David Papst Jr., with his daughter 16-year old Ashley as a passenger in the car. No. 7 Chris Lancaster started third and Chitwood started fourth. No. 95 Larry Moniz rounded out the top five.

Mangili led the race until lap 124 when Papst went around him for the lead. There were some great laps of racing between Papst, Mangili, Lancaster and Chitwood. On lap 139, Lancaster got the lead away from Papst, and then on lap 145, Papst stole it back. By this time, Mangili was back in second after getting loose on lap 125 and dropping back to third.

On lap 168 Mangili was able to get the lead back after some great maneuvering through traffic.

"It feels great," Addison said after the race. "We're always in the top five, but we needed this win." Addison and Mangili have been Enduro racing for 13 years.

Second place finisher Papst said, "The 02 team are tough. We have not refreshed our motor lately. I think we were just lacking a little bit." He also said that everyone is getting faster, so the series is getting tougher. "I've dominated at Roseville the past couple of years, so I'm OK with second. Papst regularly races at AAS, Stockton and Madera.

Papst's 16-year old daughter is her father's regular passenger in the car. "It's a blast," she said. "It's an adrenaline rush. You think you are going to spin out, but my dad has good control of the car. I trust him a lot."

Third-place finisher Chitwood was happy after the race. "I feel like we ran smooth and stayed out of trouble." Chitwood races Enduro races all over northern California.

Next Saturday, June 5, All American Speedway will feature NASCAR Championship number seven with a 100-lap LM Toyota/TRD 100 race. Also racing will be Modified, Bomber, Street Stock, NCMA and SRS cars. For more information go to: www.allamericanspeedway.com.

200-LAP ENDURO RACE RESULTS

1. No. 02 Joe Addison
