**9:15 FIREWORKS-HAPPY JULY 4TH**

**11:00 p.m. Pit Lights Out**

All American Speedway

## **Track Talk**

A weekly update for the competitor

July 4, 2008

### **Tuesday Nights**

Every Tuesday in July is downtown Tuesday Nights here in Roseville. Visitors really seem to enjoy seeing some of the cars that race at All American Speedway. The West Capitol Raceway Alumni group is there representing their upcoming Vintage program in September as well as All American Speedway. We could use some cars and some volunteers for the remaining events. Anyone interested? See Dennis Gage if you are.

### **Happy Fourth of July**

We're pleased to be racing on July 4<sup>th</sup>. We also thank the City of Roseville and Sierra View Country Club for their cooperation and assistance in planning this program. It only seemed natural when planning the year that we race this week. In the past we sat out on the 4<sup>th</sup> so the fireworks could be held on the Fairgrounds. This year the agreement allows us to race, and the City and Sierra View have combined for a bigger and better fireworks show. The good news is the Country Club is directly across the street from the Fairgrounds so you will get a perfect view of the display. We had to make a couple of changes to the program tonight to assure we could get in the entire program in, so not heat races just for tonight. Please be ready to roll when called and we can all enjoy the fireworks. Happy July 4<sup>th</sup>.

### **Tires, Tires**

We think we worked out any bugs in our tire giveaway program. The winners will be announced at the drivers meeting each week and tires are to be claimed at Penney Racing Supply. They don't get the winners list until late Monday or Tuesday, so give us some time to get the winners logged in before trying to claim your free Goodyear Tire.

### **Sound On**

We've noted some increased sound readings in the last few weeks. Maybe it is a good time for some exhaust maintenance. We will take readings this week and those who don't improve next week will get noticed to make improvements next week. Please work with us on keeping All American Speedway neighbor friendly.

### **Slow and Easy**

One of your fellow competitors was penalized for excessive pit speed last week. Pit speed is 5 MPH. Keep that in mind at all times. We recognize that in the heat of the moment, you are tempted to speed in for pit stops. Please observe this speed at all times for the safety of your fellow competitor and other pit participants. Your cooperation will be greatly appreciated.

### **Thanks for Joining Us and Good Racing.**
