USAC Sprints: It's All Tanner Swanson at All American Speedway!

For Immediate Release: 04/1809

Roseville, Ca- Tanner Swanson of Kingsburg, Ca. won the Open Wheel Challenge for the USAC Western Sprint Cars at the All American Speedway Saturday night, April 18th.

The thunder of the USAC Sprint cars rolled into Roseville's All American Speedway last Saturday night April 18th. When the rumbling settled and the last palpable tang of alcohol had cleared, the best car on the night won.

Tanner, battled Nick Green (#14) cleanly lap after lap for the first 42, then took the lead and brought home the win for his TK Motorsports #17 Team. "This is quickly becoming one of my favorite tracks!" Tanner said after the race referring to his victory here last year. "Nick (Green) drove a great race! Wow! This is awesome! My Team is awesome! They gave me a great car"

Earlier in the day in qualifying, Lincoln's Tony Hunt broke the USAC/ All American Speedway Track Record with a circuit of 12.464/ 86.650MPH. Not to be outdone, Swanson snatched the best lap time of the race with a 12.292/ 87.862MPH. Hunt would go off track on Lap 8 of the feature and not return.

The USAC Western Sprint Cars return to the All American Speedway on Saturday, May 30th for more super exciting open-wheeled action. Also on the schedule will be the NCMA Sprints, Jr. Focus Midgets, and The WSRA with the Mini Cups and the Baby Grands.

In Legends of the Pacific Action...

A twenty-two car field took the green flag for this one. Brothers Phillip and Johnny Morrissey battled it out for the lead for the first 27 laps of this thirty lap feature for the Pro/Master Division. When the two tangled off of Turn 2 on Lap 27, it opened the door for Robby Czub who had come all the way from starting 10th. Jeremy Wood got into the mix late in the race but once Czub got to the point, it was his race to win. And win he did!

In the twenty-five lap feature for the Semi-Pro Division, Dave Ball (#3) crossed the stripe almost two full seconds ahead of Greg Baxter (#25). Brian Elorrega (#9) came home third.

One of the highlights of the race happened when James Gilliland (#17), contending for the lead, got loose or had some help and spun coming off of Turn 4. The back end came around and the car did a 360. Gilliland righted the car and didn't miss a beat. He remained second and only lost two car lengths. It was a great demonstration of his driving skills. Immediately afterwards it was announced to the crowd that this was only Gilliland's fourth race in a Legend. The crowd erupted with appreciation. Gilliland managed to finish fourth on the night after yet another save of a 360 on the backstretch with just a few laps to go.
