

Welcome From All American Speedway

It is with great pleasure that we welcome you to the 2009 race season at All American Speedway. Tonight we introduce the men and women of our Speedway who will provide entertainment, thrills, sometimes spills, and certainly the color for quality motor sports in Roseville. We're very proud of our events center at the Placer County Fair, and the Speedway is a key component of success at our County Fairgrounds.

Under the banner of the NASCAR Whelen All American Series last year, we had an extremely close battle for the coveted track titles. Two of our championships went down to the final race on the final night. One was decided by a tie-breaker after the last race. Our congratulations to Paulie Harraka, Scott Winters, Mickey Owens, and Jason Poppert along with all the drivers in each of these divisions for a job well done in 2008.

The State and National recognition was also significant for All American Speedway contenders in 2008. The Late Model division produce seven of the top twenty NASCAR Whelen All American Series drivers in California. So, more than a third of the State top finishers, who came from four speedways, were from All American. In addition, three were in the top ten, and five ranked in the top 100 in the Nation. Fourteen late model drivers from All American Speedway were noted in the top 500 of the Nation. Our congratulations also to Paulie Harraka for being named Diversity Driver of The Year.

Tonight we also take a moment to salute the sponsors, media, and supporters of our Speedway. Without them this speedway would not survive. We thank them for their support, and hope you will take a moment to thank them as well.

2009 schedules are available near the front gate, and Camping World West racing will be brought back next weekend on April 4th. Our regular season will see the return of Late Models, Modifieds, Street Stocks, and Bombers. Rule changes have been made to the Interceptor division and a Spec. Sprint has been introduced.

The staff and management of All American Speedway and the Placer County Fair Association want to thank you for being here tonight. Our staff has worked hard to provide you with a good venue. We hope that you enjoy the program and return many times during the year. Thanks for joining us.

Sincerely,

The Staff and Management of All American Speedway
