

## **Attention Racers;**

Please take a moment to review the following items with information regarding All American Speedway:

### **Cooks Collision 100 \$5,000 To Win Late Model Race**

The Cooks Collision 100 Late Model Race, with **\$5,000 to win**, will headline the big season kick-off event on June 16. It will feature Madera Speedway rules, Madera Speedway tires, and a Madera Speedway-style payout. Our thanks to Kenny Shepherd for his support of this event.

### **New Website**

Check out the new website for the track at [www.allamericanspeedway.com](http://www.allamericanspeedway.com). It includes rules for all divisions and pre-entry information.

### **Pre-Entries**

Submitting your entry in advance is essential this year. Because of the abbreviated season for 2018, all six events will be handled similar to an Open Show event. Consequently, pre-entries will be very important for BMRP's promotion of the race and who will be competing. Racers benefit in doing pre-entries, with a discounted cost to enter. Also note, there are no membership fees this year.

### **Tires**

A new batch of American Racer 970 tires has arrived. Tires for all divisions are available at BMR, 900 Riverside Blvd., Roseville from 4 to 6 p.m. on Mondays, Wednesdays, and Fridays; and from 8 a.m. to noon on Saturdays. The Limited Modifieds and Super Stocks compete on the American Racer 970 tires, which sell for \$130.45 each (including sales tax and recycling fee). The Late Models and Jr Late Models compete on Hoosier 8.0/970 tires, which sell for \$146.27 each (including sales tax and recycling fee). The F-4 division competes on AR F4 Sport tires, which sell for \$72.54 each (including sales tax and recycling fee).

### **Riebes Auto Parts Trailer Bash**

Don't forget the first-ever trailer race at All American Speedway, the Riebes Auto Parts Trailer Bash featuring **\$1,000 to win**, will be part of the big kick off event on June 16. F-4 and Super Stock B eligible. Go to the track's website for rules and to enter.

### **Tech Announcement**
